1 INTRODUCTION

1.1 PURPOSE OF THE TEST CASE DOCUMENT

The Test Case document documents the functional requirements of the CONTACT ADMINISTRATION test case. The intended audience is the project manager, project team, and testing team. Some portions of this document may on occasion be shared with the client/user and other stakeholder whose input/approval into the testing process is needed.

2 TEST CASE SPECIFICATION

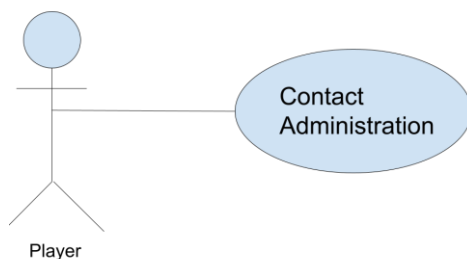

2.1 DESCRIPTION

The purpose of this test case is to identify and communicate conditions that will be implemented in test, contacting administration system requires testing to ensure that the system allows the players to send requests without any issues and, tested by the testing team representing the role of the player actor attempting to send a request to the administrators

2.2 RESOURCES

The Testers team responsibilities, revolves around identifying each combination of main and alternate flows to help in the process of creating test cases for the Contact administration use case

association to the test case: play the role of the player

2.3 PRECONDITIONS

- The Tester must be logged into the website as a player user (player actor)

2.4 POST CONDITIONS

- The admins receive a new message in mod mail
- The player is sent an email about the success of his message being sent and that they will be contacted shortly

2.5 FLOW OF EVENTS

Basic Path	1. The player clicks the "Support" tab in hopes to send a question or a complaint to the admins 2. The website displays the "Contact the Admin" page includes a field for the player to write their complaint or question and a send button 3. The player writes down their complaint or question he may have alongside the subject of their request 4. When the Player finishes writing down his complaint then proceeds to click on the send button 5. The Website displays the "do you want to send a message?" pop up to ask if the player is sure about sending the request 6. The Player clicks yes to confirm that he wants to send the request 7. The website begins to send the players request to the admins Mod mail for review
Alternative Path	1. Player cancels his message request After step 5 if the player doesn't want to send the message: • The player clicks on the cancel button if he wants to edit the message or cancel it completely • Return to step 2 2. Player Quits website The player may exit the website at any moment during the use case, The website will save that last thing he wrote in the complaint/subject text boxes before leaving
